Information regarding events to Support Learning Journey Partnership

Dear Parents/Guardians,

This leaflet explains some of our procedures to engage with Bro Teyrnon parents and carers so that we can work together in partnership to support your child's "Learning Journey".

Why do we regularly engage with our families?

- We do this to ensure that everyone knows what to do to support your child's learning progress.
- It is very important that we share relevant information and understanding together in order to support your child's learning and progress.

Name of the Activity *and When*	**Purpose- and Why conduct at this time?**
Face to Face Meeting with the Class Teacher at the Beginning of the Year (This year it will be held on the 25/9/23 - 3:30 – 5:30) *Autumn Term* *End of September*	➢ This informal evening is held towards the end of September in order to give you as parents/guardians the opportunity to meet the class teacher face to face and see the learning environment at the same time. ➢ The class teacher has established a relationship with your child as they have been working together for around 3 weeks. ➢ The staff attend transition meetings in July with your child's previous teacher to share information but this gives you the opportunity to check important and communicate concerns you may have
Parent/Guardian Evenings via Teams *Autumn Term* *End of October*	A joint discussion referring to information about your child's learning and agreeing on ways to support the learning inside and outside the school. Why continue with online? ➢ Parents/guardians do not need to arrange childcare as the call can be conducted in your home. ➢ This method gives an opportunity for parents who work shifts or take time off to join in on the call. ➢ Parents do not need to wait long periods between sibling appointments

Parent/Guardian Evenings via Teams *Spring Term* *Usually towards the end of March*	A joint discussion referring to information about your child's learning and agreeing on ways to support the learning inside and outside the school.
"Waw Celebration Night" *Tymor yr Haf* *Syth ar ol gwyliau'r Pasg*	You have the opportunity to go to the classes to look at your child's books and chat with the class teacher and celebrate your children's work and view our the "Celebrating my Learning Journey" App which celebrates the children's achievements on their learning journey. An informal evening which gives you (parents/guardians) the opportunity to enjoy and celebrate your children's work and have further discussion with the class teacher. We have moved this event to be held earlier in the year so that you have the opportunity to see your children's books closer to the parents/guardian's evenings so that there is an opportunity to highlight issues if needed that had been discussed previously.
Annual Report *Beginning of July*	We will present reports about your child's Learning Journey and there will be an opportunity for you and your child to give feedback.
Celebrating My Learning Journey App  *During the whole year*	The main purpose of developing the App is to celebrate the children's achievements and show how they have overcome challenges using a variety of methods - the development of their metacognition. During 2023 Staff started using the App to gather information with the children and this year we hope to expand its use so that the pupils have access so they can share and celebrate their achievements during the year with parents/guardians.

Hopefully this overview gives new parents an insight into how we operate to support our learners continuously throughout the year and for others, who have been part of the Bro Teyrnon community for years, it summarises events and highlights why we host them.

We are here to work together for the benefit of our children.

Yours Sincerely
Lona Jones-Campbell
(Executive HeadTeacher)
